“Our business had grown nicely and faced many attractive options for future growth. As entrepreneurs, we had a desire to partner with a firm that had experience in both building infrastructure to manage growth as well as assessing and helping to prioritize the many opportunities before us. Mulberry provides not only access to capital, but also a set of skills that will complement ours as we continue to grow the company. Dominion played a valuable role in identifying and conducting discussions with private equity firms, helping us select the right one and assisting in structuring a transaction that met our objectives. We were very pleased with Dominion’s performance and results and look forward to an exciting future with Mulberry.”
