“When I decided to take advantage of the consolidation occurring in the mechanical contracting industry and find a partner to grow with, I interviewed several investment banking firms. I selected Dominion Partners because of its expertise in assisting middle market companies like HMC. I felt comfortable with the principals on a personal level and was impressed by their responsiveness. Dominion did a great job in identifying and introducing me to several attractive partners and advised me well throughout the process. I hope to have opportunities to work with them in the future as we continue to grow our business.”
