

Employee-Led Acquisition

of

Industry Solutions Group
formerly McClain Group, Inc.

from

Renaissance Worldwide, Inc.

*The undersigned assisted the employees in negotiating
and structuring the acquisition and arranged
financing for the transaction.*

Dominion Partners, L.C.

“Importantly, Dominion Partners quickly understood the fundamentals of our business. Dominion Partners’ investment banking team then devised an innovative transaction structure that allowed us to bridge a gap in perceived valuations between Renaissance and our buy-out team. Despite a difficult lending market, Dominion Partners arranged financing that facilitated the transaction in an almost impossible time frame.”
